

# FLOURISH Skin & Laser Newsletter

## Get Yourself Ready for SUMMER!

Summer is coming and you want to look and feel your best. You may have a wedding, graduation, reunion, anniversary or a big birthday coming up this season and it's time to give yourself a boost! At Flourish we have lots of options to help you feel better about yourself. Maybe you want healthier looking skin so you don't have to wear as much make up. It could be that you need to give your face a little lift before you visit your younger sisters this summer. Maybe you should remove some of those sunspots or veins on your face. Wearing a swimsuit this summer? Clean up those spider veins or unwanted hair before the big vacation. We can help you with all of that! Or maybe you're ready to take it a step further with a surgical procedure or injectable like Botox or Juvéderm.

Financing is available through Care Credit for 0% interest for up to 18 months. This can help you achieve your goals and spread the payments out over a length of time. We also give complimentary consultations including a VISIA skin analysis to determine which procedures or medical skin care products are the right ones for you. Dr. Chung with Washington Plastic Surgery also offers complimentary consultations about surgery. He can help you determine if you are a good candidate for plastic surgery and give you detailed information about your personalized procedure along with a price quote.

We are here to help you and look forward to helping you achieve your goals!

## Laser Genesis is the KEY!

Don't know where to start with achieving healthier skin and preventing aging in the future? Laser Genesis is the perfect treatment for everyone. It's like the "workout for your skin" that minimizes pre-existing conditions while it also creates healthier stronger skin for the future. Laser Genesis can reduce acne breakouts, oiliness, scarring and redness. It also rebuilds your collagen structure, to reduce the appearance of pores, fine lines and textured bumpy skin. After a series of consecutive treatments, we recommend periodic maintenance treatments to help keep the problems under control as well as boosting your collagen a few times a year to prevent those lines from creeping up on you.

Genesis combined with medical grade skin care products, such as Retin-A or Retinol can give you even greater results. It can even be done after other laser treatments (like Pearl) to help smooth the skin and plump collagen even more! If this sounds like the treatment for you, give us a call for a consultation to get started. Check out the specials for a great savings on a package of Laser Genesis!

## Just a Few Reminders

*Mother's Day May 10th*– Surprise your Mom with a Gift Card to Flourish, it's what she really wants! She can splurge on Bare Escentuals Mineral Makeup, a relaxing facial or a rejuvenating laser procedure.

**Club Cards**– Save a ton of \$ over the next year when you become a Flourish Club Card member. You get 10% off everything and an additional 5% off sales!

**Cancellation Policy**– Please give us a call 24 hours in advance if you cannot make your scheduled appointment with us. There are other people that would like that appointment time and this gives us a chance to fill that open spot. We appreciate all the help and cooperation.

**LATISSE**– Amy is now on her 8th week of using Latisse and her eyelashes are already showing huge results. *"My lashes are longer and fuller than ever before and friends & family can all see the difference too! I love Latisse!"* If you have questions about how Latisse works to make your lashes longer, thicker and fuller, just call and ask Amy about it.

**EMAIL BLASTS!** Watch your email for extreme special discount days. We will send an email offering a particular treatment for a greatly reduced price for one or two days only and it's first come first serve! Please call us with your email or updated email address to get in on the deals.

**(360) 430-8431**
