

FLOURISH Skin & Laser

Brilliant Distinctions!

If you are a Latisse, Botox or Juvederm gal, listen up....this is the best deal around! Allergan is the company that makes all of these products, and they have a rewards program, **Brilliant Distinctions**, that instantly save you \$ and also help you accumulate rewards points for future purchases. This is not one of those rebate things that you have to mail in and wait for a return check. This is an online program, where you have your own account and you can cash in points for a coupon that you use here at Flourish towards your next Latisse, Botox or Juvederm purchase. You receive 200 points for every Botox treatment (one per 3 months), 200 points for each syringe of Juvederm purchased, and 100 points for each Latisse purchase. Every 200 points is worth \$25 that you bank in your account and can use towards future purchases of either of these products. The best part is, if we invite you via email, and you join from our invitation email, you automatically receive your first 200 points! Yay! Please take advantage of this great rewards program provided by Allergan and call us with your email to receive an invitation! (360) 430-8431

Peel Away that Summer Sun Damage

Chances are, if you're like most people in the Northwest, you want to get out there and enjoy the beautiful sunshine when it finally arrives. We had some good stretches of sun this last August and we are seeing it on all of your faces! ☺ Sunscreen is not going to prevent the old sun damage from lifting back up to the surface every year. It really is preventing you from getting more sun damage. So around this time of year, when the days are growing shorter and we have less intense sun, it's a good idea to clean up that face with an easy chemical peels. We have multiple options of peels to choose from. Our mildest peel is the Obagi Radiance Peel containing Glycolic Acid. Our ViPeel and Perfect Peels are synergistic blends of therapeutic ingredients for a moderate peel. TCA (trichloroacetic acid) is our most aggressive peel. The mild and moderate peels achieve the best results when done in a series of 2-4 treatments spaced 3-4 weeks apart. These peels can lighten sun spots and soften the textured leathery looking skin that develops over prolonged periods of sun exposure. If this sounds interesting to you, schedule a complimentary consultation to have your photos taken in our VISIA digital photo analysis program. We can analyze how extensive your sun damage is compared to thousands of other women/men your exact age. This program not only provides us with a percentile score for categories like pore size, texture, wrinkles, spots, redness, and bacteria....it also gives us great before and after photos to document your improvements!

TCA peel

Alyria

SKIN OPTIMIZING SYSTEM

Our new featured Alyria products this month are the acne fighting duo of the Acne Exfoliating Solution and the Acne Retinol Complex.

These 2 products together help minimize breakout problems and clear the appearance of old acne wounds. The Acne Exfoliating Solution uses the combination of Glycolic Acid, the AHA of choice, and Salicylic Acid to slough off dead cells on the surface of the skin and act as an antibacterial treatment to unclog pores. It is applied after your face is cleansed and dried, with a cotton pad, somewhat like a toner or astringent and left on the skin.

The Acne Retinol Complex has a combination of 2% Retinol, Vitamin E and Alpha Bisabolol (an antibacterial & anti-inflammatory) to visibly reduce pore size and improve the appearance of skin imperfections. This can be a better option for acne-prone teens and adults that doesn't dry and irritate the skin like other harsh acne lines. We recommend having your Visia digital skin analysis prior to starting on acne products so we can track your progress and help you customize an acne treatment plan that works for you.

Bare Minerals Skin Care

We have been impressed with Bare Escentuals Mineral make up for years and constantly see improvements in our patients skin when they switch from their old kind of foundation to the pure, "washes off clean", sun-protectant foundation of BareMinerals. Now they have developed an amazing skin care line that uses the power of rare minerals to clean, repair, and nourish your skin. This can be a great option for teens or younger skin to get started using good products that actually make a difference in their skin without robbing the bank. The affordable price points are great for you gals on a budget and you can use it knowing the Flourish has put their stamp of approval on it!

Jeans & Jewels in Vegas!

Flourish is once again a proud sponsor of the 3rd annual Jeans & Jewels fund raiser for Lifeworks! This Sept. 24th from 6:30 to 9:30, you can have a ball sipping on wine, beer, or cosmos while you play Vegas style games to win some amazing prizes! All while helping Lifeworks raise \$ to support families in our community.
